

American Academy of Stem Cell Physicians

AASCP Zoom Lecture December 2nd, 7:30pm (EST)
Elizabeth Shirley, RP.h., "The Central Role of NO (Nitric Oxide) in Functional Medical Outcomes"

Senior level experience and expertise developed as a pharmacist and CCN during a 40+ year career includes wellness department development and management, dietary supplement integration, new product formulation and integrative medical practice development and marketing.

Also includes educational program and material development covering the entire range of key clinical nutrition issues for distribution to health practitioners and consumers.

Active clinical practice provides clinical nutrition services for wellness-focused individuals across the entire age spectrum. Specialization in stress-induced hormonal imbalance, intestinal dysfunction, autoimmune and chronic inflammatory issues, detoxification, and super-normal oxidative stress.

Increasing focus on the integration of genetic characteristics and related nutrigenomics into clinical protocols.
